<p><u>City Lodge OR Tambo</u> conveniently based at Africa’s busiest airport, our City Lodge Hotel at O.R. Tambo International Airport allows both business and leisure travelers alike to easily rest their weary heads at the end of a long flight. Business travelers will appreciate the simplicity of staying at the airport for short visits, while leisure travelers won’t have to worry about where to stay for that one night between flights to their final destination.</p> <p><u>The Ebotse Links</u> is a Peter Matkovich Signature design golf course, and is currently ranked the 38th best course by Golfers Digest SA. Our Links Course has 7 holes on water and has been built to US PGA specs. The style of play on a links golf course is quite different from the style required on other types of courses. The challenges of links golf focuses on uneven fairways, thick rough and small deep bunkers known as “pot bunkers” — and frequently windy conditions. These conditions affect the style of play required, favouring golfers who are able to play low, and accurate shots.</p>
